

about US

For more than 25 years, we have worked to improve the quality of life for our clients by providing transportation solutions.

During last year alone, we managed more than half-a-million passenger trips, saving more than 10,000 gallons of gasoline a day, while providing convenient and reliable mobility throughout the state's most densely populated counties.

In addition to our new FLEX-T Mobility Partner, we manage the state's largest Carpool, Vanpool and Shuttle services for the corporate community and its employees, municipalities, universities and area colleges.

Our shuttles are equipped with GPS, Mobile Data Terminals and in-vehicle cameras to ensure safe, convenient travel every day of the year.

EZ Ride also offers bicycle and pedestrian services, car sharing, and transportation services for older adults and people with reduced mobility using a team of volunteer drivers.
