## WHY RECYCLE?

- **It has economic and environmental benefits.** All this "stuff" no longer goes into landfills. As much as possible, it's remanufactured into new products - glass reshaped, newspapers remade as paper; plastic drink containers become lumber. Recycling saves resources and raw materials.
- **It costs you nothing.** Atlantic Highlands recycles about 2,300 tons, or a ton per household, every year. It sells the "stuff". Not at a profit, but it saves the Borough dumping fees at the County Landfill, and makes our recycling self-financing.
- **It's the law.** Violators are subject to penalties, including fine, jail and/or community service. It's a violation if you put recyclables in with regular garbage. At the County Reclamation Center all garbage is dumped on the floor and if they find recycling the Borough gets fined.
